## REASON FOR RUNNING FOR OFFICE

I want to serve on the Durham County Commission to provide a voice of reason and stability. To help get us back on track of providing services that are being neglected which is making the overall community unsafe. Also, to foster an environment of inclusiveness so that the resources are used for all Durham Citizens and just those with the same philosophical beliefs.

## TOP 3 PRIORITIES

My three top priorities as a County Commissioner will be:

**Public Safety**

**Education**

**Economic Development (JOBS).**
